Welcome Academy Parents, Players & Coaches

The Field of Dreams Academy is so excited as we celebrate our

12th Anniversary this year!

We are amazed how our journey to this point has touched the lives of so many student-athletes and their families; from our academic and athletic enrichment programs to our character development and community outreach program. Our goal is to prepare our student-athletes for success on and off the field.

ATLANTA
SCIENCE
FESTIVAL

The Field of Dreams Academy is pleased to serve as a community partner for this year's Atlanta Science Festival (ASF). ASF is a week-long celebration of local science and technology, March 15-25, 2017. The festival will allow science enthusiasts of all ages to explore science and technology in our region and see how science is connected to our lives with a variety of hands-on activities, facility tours, presentations, and performances throughout the metro Atlanta region. The Festival culminates in the free, family-friendly; EXPLORATION EXPO - an interactive day of demos, hands-on activities, and stage shows at Centennial Olympic Park.

Today's students must be prepared to compete globally. The new Common Core State Standards establish clear, consistent guidelines for what every student should know and be able to do in Math and English language arts from kindergarten through 12th grade. Our academic enrichment programs are based on these standards and higher!

The Field of Dreams Academy is entering into the third year of a strategic partnership with Major League Baseball and its MLB RBI program. Through this partnership, both organizations are committed to offering more athletic and academic enrichment programs for baseball players from underrepresented communities in metro Atlanta.

Save the Date: June 25, 2017, Teeing It Up for Future Leaders Golf Event @ Bear's Best Country Club.

Congratulations to former FODA players! Miles Austin (2019, SS, Westlake HS) and Tervell Johnson (2020, 3B, B.E.Mays HS). Both scholar student-athletes were recognized for their outstanding performance at the 2016 Perfect Game National Underclassmen Showcase.
